OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

February 26, 2018

Mr. Dick Evons
DiaSource
3509 Crescent Rim Drive
Boise, ID 83706

Subject: Agency Initiated Action – correct Active Ingredient Statement
Product Name: DiaSource Diatomaceous Earth For Manufacturing Use Only
EPA Registration Number: 69261-5

Dear Mr. Evons:

Upon review of the product record, it has come to the Agency's attention that the following changes should be made to the product label:

- 1) The active ingredient statement on the label and Confidential Statement of Formula (CSF) must be corrected. It should include all elements that are included in the formulation. These might include: silicon dioxide from diatomaceous earth, other oxides or moisture. These ingredients MUST sum to 100%. You must express ALL elements that are in the product.
- 2) A corrected Confidential Statement of Formula MUST also be included in your submission expressing the entire composition of the formulation.
- 3) In addition, list all alternate brand names that you have requested by notification from the Agency on the Master Label.

Please submit a revised label and Confidential Statement of Formula(s) within 90 days of the date of this letter as an amendment. In addition, you should send an electronic label to deluise.linda@epa.gov. If you have any questions, please contact Linda A. DeLuise by phone at 703.305.5428, or via email at deluise.linda@epa.gov.
